

Helmet emblems

You can leave your hat on...

Highlights • High definition • Strong colours • Any size or shape • Transparent or coloured carrier

Helmet emblems

At construction sites there are often a lot of people working for different subcontractors. Identification is then a must.

Our helmet emblems are ideal to identify and also to express your corporate identity on hard hats.

The helmet emblems are silk screen printed on a transparent or white carrier foil that has no negative impact on the safety properties of the helmet as no softening agents are used.

Over time the emblem will secure itself more and more to the helmet, but if required it can be removed without damaging the helmet.

Sizes

The helmet emblems can be produced in any size with a minimum quantity of 25 pieces only.

Colours

Please refer to our Topline colour swatch for our wide range of standard colours. Matching PMS is possible too.

Specifications: For technical details please see our Specifications leaflet which can be downloaded from our website at www.thermopatch.com
