

High Visibility emblems

Textile heat seal emblems *Highly visible!*

Highlights • Conspicuous colours • Meets with the EN 471-regulations • Industrial washing

Description

High Visibility emblems are produced on the same grade of textile as Thermocrest but instead of the normal white finish to the textile, it has a high visibility finish.

These emblems are available with a yellow and orange high visibility background.

Colours and sizes

The High Visibility emblems can be printed with any text and supplied in almost every size. The printed colours for the High Visibility emblems are the same as Thermocrest so please refer to your Thermocrest colour swatch. The same standard conditions apply.

Minimum size available is 25 mm x 25 mm

Maximum size available is 385 mm x 330 mm

High Visibility in practice

High Visibility emblems are available in bright yellow and bright orange. Because of these conspicuous colours

firemen, policemen and rescue workers can easily be seen and recognized during their work.

The High Visibility material meets with the EN 471-regulations.

Quantities

High Visibility emblems are delivered with a minimum quantity of 25 pieces.
