## What are Ready STITCH Emblems?

Ready STITCH emblems are emblems that can be sewed on to garments rather than stuck, and therefore can be easily removed and be replaced with another emblem without leaving any glue residue.

Ready STITCH offers the embroidered look whilst delivering digital print; high detail; unlimited colours; photographic elements; colour gradients; fast delivery; almost any shape; Industrial washability and competitive pricing.

With the printing technology used it is even possible to print an embroidered edge.

## Technical Specifications

Ready STITCH is produced using a special backing textile to ensure that the emblem can be applied with a sewing machine.

All Ready products carry an Oeko-Tex certification.

## Speed

Ready STITCH Emblems are produced within 7 production days after approval of the free artwork.

## Shape

Due to the fact that the emblem will be attached by sewing not all shapes are possible but we will show what is possible through the artwork.

## Colours

Ready STITCH emblems are full colour and for you to see how the colours look we issue a colour book with Simulated PMS C colours.

## Pricing

In our pricelist you will find a special page for Ready STITCH and PLUS Emblems. Also for this product we made it easy for you and there are only two groups; breast size (up to 100cm<sup>2</sup>) and back size (100- 500cm<sup>2</sup>).

## Quantities

The minimum order size is 15 pieces and from there on we produce the exact quantity that you need.
